Profile

Having experience of 1.5 Years with HCL Technologies proven efficiency with an ability to quickly learn and navigate any computer software program, or office filing system. Adept in carefully diagnosing and assessing issues, and offering real viable solutions. Skilled in Develop and testing.

Employment History

Software Engineer (Intern), HCL Technologies

May 2021 — Nov 2021   ⚲ Bangalore

- Worked to remain punctual, reliable, and flexible.
- Brought forth the ability to work well independently and also with others.
- Served as a dedicated and supportive Intern in a fast-paced environment.
- Recorded meeting notes and distributed them to supervisors and employees as directed.
- During the span of the internship, we made a project end-to-end "Password Manager" for HCL-Lites. I have played a vital role in back-end and automation testing. We had specific requirements from the client.
- The day we were excited, interacted with clients and they felt very happy on the occasion of project submission. It is Open Source now.

Software Engineer, HCL Technologies

Nov 2021 — Oct 2022   ⚲ Bangalore

- Started working on project **ING Banking** from the roots of Sydney, **Australia**.
- Agile methodology has been used in the workplace. Where my real job started with advanced technologies in Selenium Automation.
